

# Confirm your care relationship with your doctor for additional ACO benefits

**A guide to accessing high-quality coordinated health services through your doctor and CVS Accountable Care™.**

## **Voluntary alignment**

Voluntary alignment is the process that allows you to confirm your care relationship with your doctor and access coordinated care and additional health services as you need them, at no additional cost, through your doctor or medical group and CVS Accountable Care.

## **How do I qualify?**

If you have traditional Medicare Part A and B benefits and are not already enrolled in another accountable care organization (ACO), you qualify.

To enroll, you just need to confirm your doctor as a provider you see routinely or confirm your medical group as the main place you go for routine care.

Routine care includes regular checkups from a health care professional, as well as care for chronic health issues such as diabetes and hypertension.

## How can I get a voluntary alignment (VA) form?

- You can request a VA form at the office of your provider
- You can call CVS Accountable Care™ at **1-866-204-CARE** (1-866-204-2273)

If you have already received a voluntary alignment form, you can request another that identifies a different Participant Provider, or that identifies a doctor or other individual or entity that is not a Participant Provider, or otherwise has your signed voluntary attestation.

## How do I complete voluntary alignment?

You can complete a paper voluntary alignment form at your next doctor's visit and your provider will submit it on your behalf.

Scan here to complete the form through the CVS Accountable Care portal or visit <https://cvs.co/acoenroll>

You can also visit [Medicare.gov](https://www.medicare.gov) to align with a primary care provider.

### To complete this form, you will need:

- Your name
- Your address
- Your provider name
- 11-digit Medicare Number

## What else do I need to know?

- Signing up with your doctor and CVS Accountable Care does not limit or restrict access to your existing Medicare benefits.
- You always have the right to use any doctor, health care professional or hospital that accepts Medicare.
- Your doctor or routine health care provider is your choice. No one else should complete the voluntary alignment form for you. You may change your selected health care provider at any time.
- If you would like to stop receiving or opt out of contact from CVS Accountable Care, please call us at **1-866-204-CARE** (1-866-204-2273).

### Questions?

For more information about CVS Accountable Care, call **1-866-204-CARE** (1-866-204-2273).

For general Medicare information or if you feel pressured to make a particular voluntary alignment selection, call **1-800-MEDICARE** (1-800-633-4227).

TTY users should call **1-877-486-2048**.
